And What Have You

By BOB CRAIG

The Piper basketball team closed out the season last Thursday on a rather sad note as they lost to Merkel by two points. Apparently, the tension got them as they had a rough time at the free throw line, hitting only five of 23.

But even with the loss and the resulting disappointment, the Pipers of Coach Bobby King had a good season and are to be commended for it. And when you consider that all but two the squad will be back next year, things look pretty good for basketball for the next year or so.

Coach King received a note from Ronny Aldridge, coach of the Badgers that said in part: "You don't know how lucky we feel we are to be representing the district in the playoffs. We have played pretty good competition this year but nobody played defense as well as Hamlin. I'm glad we won't be in your district next year."

I have noticed that some polls are showing that Preston Smith is leading in the race for governor at the present time. At first this surprised me both because of the stock scandal and his poor performance.

But when I go to thinking about it, I am beginning to understand what is happening. He is attacking this stock scandal head on and is doing a pretty good job of presenting himself as an innocent victim.

He is taking advantage of that old American trait of being sorry for the underdog. And it seems to be working.

It is entirely possible that the public is going to forget that he has been a lousy governor and vote for him because he is presenting a picture of being mistreated by the stock scandal.

Some time back we ran a little clip on what it takes to be a rancher and now we have run across a similar one that spells out the requirements a little further.

It's called "Minimum Requirements for Ranching."

1. A wide-brimmed hat, one pair of tight pants and \$20 boots from a discount house.
2. At least two head of livestock, preferably cattle — one male, one female.
3. A new air-conditioned pickup with automatic transmission, power steering and trailer hitch.
4. A gun rack for the rear window of the pickup, big enough to hold a walking stick and rope.
5. Two dogs to ride in the bed of the pickup truck.
6. A \$40 horse and \$300 saddle.
7. A gooseneck trailer, small enough to park in front of a cafe.
8. A little place to keep the cows, on land too poor to grow crops.
9. A spool of barbed wire, three cedar posts and a bale of prairie hay to haul around in the truck all day.
10. Credit at the bank.
11. Credit at the feed store.
12. Credit from your father-in-law.
13. A good neighbor to feed the dogs and cattle whenever the owner is out in Colorado fishing or hunting.
14. A pair of silver spurs to wear to barbecues.
15. A rubber cushion to sit on for four hours at the auction ring every Thursday.
16. A second-hand car for going out to feed the cows when your son-in-law borrows the pickup.
17. A good pocket knife, suitable for whittling to pass away the time at the auction ring.
18. A good wife who won't get upset when you walk across the living room carpet with manure on your boots.

HOSPITAL TO REMAIN OPEN

The Hamlin Memorial Hospital will be able to remain open, it was learned here Tuesday evening. A spokesman for a group of local citizens said that the group has agreed to assume the management and operation of the hospital.

It had been feared that the hospital would be forced to close at the end of this month when the local doctors

announced Feb. 1 that they would discontinue the operation of the hospital and disband their partnership clinic and hospital management practice effective Feb. 29.

Since that time Dr. M. L. Smith has said that he will remain in Hamlin provided that additional physicians will join him in administering

medical care to the citizens of the area. Dr. E. D. Perrin, who had announced earlier that he was moving to Cameron to enter practice there, said that he would remain here until at least the end of May.

The third doctor in the partnership that has operated the hospital here for the past 23 years, Dr. E. J. Hawkins, has moved his practice to Stamford. The spokesman for the citizen's

group said that efforts are being made to secure additional doctors and Registered Nurses and said that three doctors have indicated an interest in moving their practice to this community.

According to the statement issued by the group, all hospital facilities and services shall continue under the new management of the citizen group.

IN DEBT NOW—

Foundation Learns Much Needed to Open Pool

Members of the Hamlin Foundation, operators of the Hamlin Swimming Pool, met Monday evening to make plans for operating the swimming pool this summer. Foundation President Jerry Smith told members that the pool operated at a loss of \$1,059.69 last year and was currently in debt \$483.90.

During the discussion it was pointed out that a great deal of work was needed before the pool could be opened this year. A committee was named to seek bids and prices on getting the pool back in shape to open. Named to this committee were Mrs. Jerry Waggoner, chairman; Mrs. Sam Mack Hodges,

Mrs. H. L. Mehaffey, Mrs. Harvey Lawlis, Bob Craig and Jerry Smith.

The Foundation is made up of delegates of each of the service and civic organizations of Hamlin. Each of these clubs was asked to set up an annual assessment for the upkeep and maintenance of the pool and were also asked for a special donation this year to overcome last year's operating loss.

A nominating committee was also named to submit a list of nominees for officers for the next meeting to be held within the next few weeks. The committee is made up of Mrs. Donald Young, Mrs. Earl Brown and C. L. White.

East Texas State Concert Band to Perform Tuesday

The East Texas State University Concert Band from Commerce will be in Hamlin Tuesday and will be featured in

an evening concert in the Public School Gymnasium. The concert will not be held in the auditorium due to the senior play set being on the stage.

Reba Jackson, a former member of the Hamlin High School Band, will be with the group as first chair bassoonist. Members of the East Texas organization will be housed by members of the Hamlin band.

The concert will begin at 8 p.m. Admission is 50 cents per person. Tim Jones, local band director, has been in charge of local arrangements. He said, "We would like to have a large crowd on hand to welcome these University students, and to also take advantage of the opportunity to hear such an organization perform in Hamlin."

Tickets may be purchased from any band student, and will be available at the door.

HERE MAR. 4—

SEWALK BAZAAR

The first of several Sewalk Bazaars to be held in Hamlin this year has been scheduled for Saturday, Mar. 4, by the Retail Trade Committee of the Hamlin BCD, according to Frank Shearer, chairman of the project.

As in the past, the committee sponsoring the project has extended a special invitation to all of the people of the area to come take part in this big downtown Garage Sale.

Shearer said that he hoped that people from all over the area will take advantage of this opportunity to clean

out their garages, their storerooms, etc., and bring their odds and ends to town that day for the big sale.

Members of the committee and other downtown merchants will assist in finding places for the tables and booths of those taking part in this Sewalk Bazaar.

Shearer said that it is the hope of the committee that this event can be held several times this year and that the public will make this an old fashioned type Swap and Shop day.

The Bazaar will be postponed until Saturday, Mar. 11, if the weather is too bad on Mar. 4.

Two for Council—

Joe Ford Enters Race for Mayor

Joe Ford announced this week that he would be a candidate for Mayor of the City of Hamlin and David Casey and Richard

Young Jr. each announced for a place on the council.

The terms of Mayor and two councilmen came up for election April 1.

Mayor Hollis Madden announced this week that he would not seek re-election, as did D. W. Cowan. Joe Ford is the other councilman whose term expires this year and he is seeking the post of Mayor instead of a place on the council.

In announcing that he would not seek re-election, Madden issued the following statement to the people of Hamlin:

"I wish to announce that I will not seek re-election for the Mayor of Hamlin."

"I do want to take this opportunity to sincerely thank the people of Hamlin and the City Councilmen for their faithful support and cooperation during the nine years I have had the privilege to serve as Mayor of Hamlin."

"I would also like to ask the people to continue supporting our new Mayor and City Council in their decisions for the progress of our city."

Deadline for filing for a place on the city ballot is Mar. 2.

Fashion Esprit for Spring—
The Cotton Feel '72

For spring '72, American designers are pursuing the mood of today's nature-conscious environment in style.

And they're turning to cotton as the fiber of nature that best depicts the mood. They like its "feel"—its styling potential and inherent suppleness, and, above all, its dye-ability, work-ability, and wear-ability.

Trend-setting spring looks for the natural fiber include such new fabrications as Cotton 365 fabrics for year 'round wear; soft, uncrushable corduroy-seersucker combinations; random-cut cotton velvets; and the new

alliances of cotton knits with wovens.

These innovational looks for cotton have been translated into clothes deftly tailored to contemporary life-styles and jet-propelled environmental changes.

Fashion becomes an ecology-minded memo to wear—with prints, appliques, embroideries, needlepoint, and stenciling as mediums for the message in sportswear, separates, and accessories.

Printed cottons are as often inspired by Oriental colorations as by the abstract in geometric art form. Many offer a whimsical touch of

nostalgia or a prophetic view of the futuristic.

Silhouettes are individually keyed, and lengths are a matter of mood or personal preference.

Dresses and ensembles by day are quietly turning to softened shapes or clear, uncluttered classic lines. Clothes for p.m. pursuits project the romance of supple, sinuous knit fabrications as well as colorful outbursts in ultra-modern or humor-struck prints.

Sportswear classics are in full swing for spring, with short and long pantsuits paving the way to town or travel

plans.

The "jeaning of America" has spread beyond our borders to Mexico, South America, Europe, and the Far East.

Cotton denim jeans have become a mobile art form. Young fashion motivators around the world fringe, fray, and convert jeans into signature fashion statements by silver studwork, grommet-patternings, and hand-painted designs.

As contemporary tempos quicken, man instinctively is returning to nature... and fashion this spring is returning to nature's fresh, comfortable feel: the cotton feel.

SUNSHINE LOOK—The cool and comfortable feel of cotton is a natural for spring and summer. Catalina opts for a dot-shot cotton print in fresh orange and white for this smart shirt and shorts ensemble.

SLEEK—Cotton in a diamond-dashed pattern of purple, white and orange is styled into a classic suit look for spring '72. Kasper for Joan Leslie adds a dashing ascot of orange and white gingham checks for a deft touch.

Frances Collins,
J. W. McComack
Plan Wedding

Mr. and Mrs. Troy W. Collins are announcing the engagement and approaching marriage of their daughter, Frances Kay, to Jacky W. McComack, son of Mr. and Mrs. A. T. McComack.

The bride-elect is a senior at Hamlin High School and will graduate in May.

McComack is in the U. S. Army stationed at Fort Sam Houston, San Antonio.

A tentative wedding date has been set for May 24.

Neinda Philosopher Hopes Handwriting Experts Have Not Copyrighted System

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One apparently has become aware of the current literary news, his letter this week indicates.

Dear editor:

I wish you'd help me out. I've just completed writing an autobiography of Christopher Columbus and need your help in finding a publisher who'll advance me \$650,000 with a check made out to C. Columbus. Once that sandbar is cleared it'll be easy sailing as I guarantee there'll be no telephone calls from him denying he ever heard of me.

I have a letter which I am now having a New York firm of experts confirm is in Columbus' handwriting, but despite this I don't intend to offer parts of the book to Life Magazine as I have a feeling the people there at the moment would not be interested.

Speaking of handwriting experts, I am very interested in the reaction of the firm which at first reported that the letter from Howard Hughes to Clifford Irving was genuine, that unquestionably it was in the billionaire's handwriting.

Then when the whole thing started falling apart the firm announced it was "revising" its first opinion and that maybe the

Six Flags Sets
Early Mar. 25
Opening Date

Arlington — Six Flags over Texas today announced the earliest spring opening in its eleven-year history. The big theme park will begin the 1972 season on March 25.

Six Flags General Manager R. W. Freeman said the early opening date was chosen to give families a chance to visit the Park during the Easter vacation period. He said the Park will be open daily from 10 a.m. until 10 p.m. from March 25 until April 2. After that Six Flags will be open on Saturdays and Sundays only until late May, when daily operation begins.

The entire facility is now getting its annual face-lifting. All of the rides are being overhauled and all rides and buildings are being repainted. Thousands of flowers have been planted during the winter months to provide a blaze of color for the opening week.

writing wasn't genuine after all. It seems to me this method of handling a situation ought to be available to others.

For example, think how many thousands of college students there are right now who'd like to "revise" some of the answers they gave on their last exam. Think of the politicians who on reading today what they said yesterday would like to revise their remarks in a hurry. I can't think of any off-hand but there may be some newspapers who'd like to get in on this, or at least have it ready just in case.

I don't know of anybody who, if he talks long enough, wouldn't like to revise in one direction something he said flat-footedly in the opposite direction the day before and I hope this New York firm of handwriting experts hasn't copyrighted the system.

Yours faithfully,
J. A.

RIDING ON MOTORCYCLES
A person operating a motorcycle shall ride only upon the permanent and regular seat attached thereto, and such operator shall not carry any other person nor shall any other person ride on a motorcycle unless such motorcycle is designed to carry more than one person.

In Need of a Pull...

It is fun to get out and romp with our children, to share in their joy. Sometimes it is even work to pull them on a sled. Afterwards you may be tired and bones and muscles ache, but you think fondly of the laughter, and squeals of delight and the love that shines in a child's eyes. Then you think it's all worth the effort, for they won't be young forever, and someday you will only have memories.

They won't be young forever and now is the time that they need a pull in the direction toward God. Now is the time that you can lead and share in the joys of their worship. Take your children to Church

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Hamlin High Happenings

Piper Patter

This is the big, exciting week of the Student Council Basketball Tournament! Both boys and girls, excluding varsity basketball players, have gotten together teams to participate in the tourney which began last Tuesday. There are more games tonight (Thursday), and the finals will be held Saturday night. The concession stand will be open, operated by the Student Council. An All-Tournament Team will be chosen by the Varsity team members and announced Saturday night at the conclusion of the tournament. Teams participating are: boys — "Globetrotters," "The Wild Bunch," "The Floor Stompers," "Persuaders," "Good Vibrations," "Net Poppers," "Razorbacks," and "FFA"; girls — "B B's," "Frauline Flooties," "FFA," "Devil's Angels," "The Smiling Faces," and the "Do-Betters." Some fourth and fifth grade teams will come together for the big showdown between regularly scheduled games. This should be an exciting, funny form of entertainment. Good luck to all!

The Senior Play "Me and My Shadow," a three act comedy, will be presented Friday, March 3, at 7:30 p.m. in the Hamlin Auditorium. Price for admission is 75 cents for adults, 50 cents for students, and 25 cents for reserved seats. Tickets may be purchased from any Senior.

The characters include Roy Harrington to be played by Dwayne Hertel; Arlene Harrington, Debbie Norris; Bruce Douglas, Bob McMillian; Susan Fisher, Karen Jackson; Mrs. King, Carol Shearer; Shadow, Jimmie Lou Bishop; Hickson, Mike Donham; and Sabu, Fernando Rangel.

The Harlem Jokers will meet faculty members tomorrow (Friday) at the Public Schools Gymnasium. Tickets purchased in advance may be obtained at the high school office; tickets may also be purchased at the door tomorrow.

The Hamlin High School Stage Band will leave Friday morning to travel to Big Spring to participate in the contest there. This is the big festival that the band has been rehearsing for. The stage band won first place in the Tarleton Stage Band Festival; the members are hoping they can do as well or better in this big festival. May you have the best of luck!!

The Hamlin Future Farmers of America will celebrate the 44th birthday of FFA during the week of Feb. 19 — 26.

The FFA is a national organization for young people who are interested in fulfilling and progressing in the field of agriculture. It is divided into numerous chapters and associations for each state as well as Puerto Rico.

Pipers Drop Playoff Game To Merkel Badgers, 47-45

The Pied Pipers lost out to Merkel in the 7-AA playoff game in Abilene Thursday evening 47-45. Playing in Rose Field House on the Hardin-Simmons campus, the Pipers put up a good fight and out played the Badgers, but lost the contest at the free throw line.

The Pipers could only hit on five of 23 free pitches as the Badgers connected on 19 of 30. Both teams were cold at the free throw line in the first half but the Badgers found the range in the second half.

Merkel held a slim lead during most of the contest. They lead 12-10 at the end of the first quarter and both teams scored nine points in the second period to make it 21-19 at half time. Hamlin closed the Merkel lead to one-point in the third period with the score reading 33-32 as the buzzer sounded.

The Piper defense cut off the Merkel scoring from the floor near the end of the game but the Badgers held onto their lead via the free throw line, hitting their final six in a row.

David Willis was high for the Pipers with 15 points, followed by Leonard Johnson with 11.

AUSTIN — Insurance again
made headline news on three
fronts here.

President Nixon's Phase 2
inflation controls, the State
Insurance Board said, will
mean lower premium rates for
hundreds of thousands of Texas
homeowners.

Lawmakers threatened to
"put the state in the insurance
business" unless rates are
reduced for a new catastrophe
pool designed to protect
hurricane and other disaster-
prone areas.

An American Insurance
Association executive offered to
"guarantee" that no-fault auto
insurance in Texas would bring
a minimum cut of 25 percent in
bodily injury and property
damage coverage rates.

New homeowners' insurance
rates are expected to be issued
May 1, effective June 1. A
federal price commission order
of a 37.5 percent cut in the
Board's "trend factor" (aimed
at keeping rates up with normal
inflation) may mean a reduc-
tion of 2.1 percent in the Central

Inland Territory. Usual rating
formulas would have meant an
increase of 5.9 percent there.

While most fire and extended
coverage rates will go up, the
rise will be lower than expected
due to new federal limits.

The State Insurance Board
proposes to cut catastrophe pool
rates for nonbeach property
about a third. Insurance
companies strongly resisted.
Legislators at a rate hearing
retorted that the state may have
to get into the insurance
business.

Under the pool, authorized
last year by the legislature,
insurance companies are

required to join in providing
coverage for areas of the coast
which cannot buy policies in the
regular market.

The State Board of Insurance
is studying effects of various no-
fault insurance plans which
provide compensation from a
driver's own policy regardless
of whether he was at fault in an
accident.

AG OPINIONS — Atty. Gen.
Crawford Martin held the state
cannot pay the cost of primary
elections without legislative
authorization and ap-
propriation, but he went back to
a Dallas federal court for
guidance.

In other recent opinions,
Martin concluded:

The Legislative Property Tax
Committee can employ at-
torneys and purchase or rent a
law library for its codification
research.

**Congratulations. You just saved \$5
by doing your own income tax.
And all it cost you was three long,
sleepless nights.**

And a slight case of heartburn.

If you had gone to H & R Block, on the
other hand, you could have relaxed while
someone else figured out your
return. Quickly and confiden-
tially. Probably unlike any
way you've ever done it
before.

And, when you figure
your own, you may be
entitled to deductions
you're not taking and
taking deductions
you're not entitled to.
For instance, do you
know all about deduc-
tions for child care or
casualty losses? Or,
that if your income
increased over the last
few years, you may save
tax dollars by "income
averaging?" And even if
you did, would you know how
to go about "income averaging?"
To begin with? Probably not. And there's
no reason why you should. After all,
you're an amateur when it comes to doing
income tax.

You see, when it comes to income taxes,
amateurs should depend on H & R Block.
We have over 6,000 conveniently located
offices manned by thousands of specially
trained personnel. They're warm and
friendly people who are anxious to help you.
They'll sit you down over a free cup of
coffee and show you some things about

your income tax that you might never
have known existed.

Furthermore, if your return is
audited we will accompany
you, at no extra cost, to the
Internal Revenue Service
and explain how your re-
turn was prepared, even
though we will not act
as your legal repre-
sentative.

This means that
H & R Block is ready to
offer you year 'round
tax service for just one
low fee a year, with
no extra charge for
audits and estimates.
H & R Block's charges
start at \$5 and the aver-
age cost was under \$12.50
for the 7 million families
we served last year.

Which is somewhat less than
what you paid.
Not to mention the fact that aggravation
isn't tax deductible.
And we are.

NEWS FROM ...
Sylvester

By MRS. R. M. BABB

Windy Monday morning to all. Hope you enjoyed the lovely weekend. It looks as if things may change any time.

Mr. and Mrs. Milo Gray are both in Hamlin hospital at this writing but feeling better.

Mr. and Mrs. Gatewood drove to Dallas last week and visited in the home of Mrs. Gatewoods Mother who was ill but better now.

Mrs. Mutt Early called and told me they had attended the stock show in Snyder last Thursday night where their grandsons won five ribbons showing their swine. The boys are sons of Mr. and Mrs. Bill Early.

Noticed in the paper where another of our young 4'ers, Sheila Jeffery won with her Angus Steer in El Paso, just continues to prove Kathryn Duff's remarks in the Reporter this morning that everything about Sylvester is cultured and refined! Gee, guess we do love ourselves, but if we don't, who will?

We were so sorry to learn one night last week that a former resident, E. S. Williams (Buddy) of Irving had come in contact with some 72000 volts of electricity and was badly burned. The doctors had to amputate the left arm and leg. At this writing, he isn't much

improved. His Mother, Gladys Williams, and his sister, Mrs. Tommy Wilson are with him in Parkland hospital in Dallas.

Doc Lawlis is in Stamford Memorial hospital but improving.

On Jan. 1, 1972, Miss Judy Marie Wiemann and John Freeman Hardwick were married in the Chapel of the First Baptist Church in Longview with the Pastor reading the ceremony. Miss Melissa Hardwick of Abilene, sister of the groom, was bridesmaid, wearing white lace and carrying carnations.

The bride is the daughter of Mr. and Mrs. M. Wiemann of Houma, La. The groom is the son of Mr. and Mrs. C. L. Hardwick of Sylvester.

Given in marriage by her father, the bride wore a long empire gown of white embossed cotton and carried a bouquet of red and white carnations. The bride and her attendant both wore chapel veils.

The groom was attended by Pete Wadley of Longview.

The reception was held immediately after the wedding in the fellowship hall.

The couple are at home 333 D—F.M. 1845, Longview, Texas.

Luci Perales received many lovely and useful gifts on Saturday afternoon at a bridal shower given for her in the basement of the Methodist Church.

Mrs. W. B. Brown is in Hamlin Hospital.

**Junior High
Tho Host Rotan
Here Monday**

The three Hamlin Junior High basketball teams will close out their season Monday evening when they host Rotan here in a game originally scheduled for Feb. 17. The seventh grade boys will open the action at 5:30.

Playing in Stamford Monday evening the eighth grade boys won, but the eighth grade girls and the seventh grade boys were defeated.

Paul Reynolds lead the seventh grade scoring with 10 points as the local team was edged out by Stamford, 32-31, in the final seconds.

The local girls lost by two points to the Stamford girls in the next game with Stamford winning, 18-16. Lori Driver scored five points for Hamlin.

Gary Mayes hit 14 points and Daniel Willis 13 as the eighth grade boys defeated Stamford, 43-35.

**LETTERS TO
THE EDITOR**

Dear Editor and Citizens,

I have been reading and listening to the comments about our losing the hospital and our Doctors. To me, this is a very serious matter. If we lose our hospital and the Doctors it will affect every business and property owner in and around our town.

Property will lose its value because people will not want to buy in a town that does not have these facilities. Also, we will lose taxes that we use to keep our town going.

We have lots of elderly people that have retired here in Hamlin and cannot get in their car and drive to Anson or Stamford for various reasons, to see a doctor every time they need one.

For all these reasons and many more I feel like there is something that could be done to remedy our serious situation if the right people would get together and try hard enough.

Good things just don't happen, someone has got to work for them. Also, anything that is worth having is worth working for.

We need a group of people that is interested enough to take the lead and do something about this matter. I am willing to help in any way I can if I am needed.

Sincerely
J. C. Farmer

Gas Drying

Electric Drying

Either we're four times cheaper, or they're four times more expensive.

Gas drying is not only easier on your pocketbook, it also makes life a whole lot easier. For one thing, gas drying practically eliminates the need for ironing. The new gas dryers are so gentle that clothes come out almost wrinkle-free. Clothes are tumbled dry, then cooled, and gently fluffed. Automatically. Pleats stay pleated. Creases stay creased. All this for a cost of about a penny a load. (Or \$2.00 a ton.)

Take a look at the new gas dryers at your gas appliance dealer. Then do something nice for yourself. And your pocketbook.
